AIX: Remove existing disk

```
# Tested on AIX 6.1

# Once disk is not used anymore (not assigned to a volume group or
oracle ASM device, for
# instance), we can remove it from system like this

# Check before

lspv
    hdisk0          00c6b1c54670e768
datavg             active
    hdisk1          00c6b1c531e590ce
rootvg            active
    hdisk2          none                None
    hdisk5          none                None
    hdisk7          none                None
    hdisk3          none                None
    hdisk4          00c6b1c545e70939
rootvg            active

rmdev -dl hdisk7

# Check after

lspv
    hdisk0          00c6b1c54670e768
datavg             active
    hdisk1          00c6b1c531e590ce
```

```
rootvg          active
  hdisk2        none          None
  hdisk5        none          None
  hdisk3        none          None
  hdisk4        00c6b1c545e70939
rootvg          active
```
